The steam schooner Bowdoin, of San Francisco, entered this port on Sunday last and will cargo out of the Columbia river, with lumber. She is one of the new steamers in the coast service, having been built at Prosper in 1907. She is of 756 tons gross register, and 448 net tonnage; 192.1 feet long; 38.8 feet wide; 13.8 feet deep; she carries a crew of 16 people, and is registered out of San Francisco.

The steamship Rose City came into port yesterday morning at a fairly early hour, well loaded with people and freight. Her officers report the down trip from this port as among the worst they ever experienced on the coast for riotous weather. Chief Engineer Jackson said yesterday that the propeller of the Rose City was out of water 40 per cent of the time, and she wasted enough power to have driven her 1200 miles instead of the 600 she covered.

The British steamship Tymeric has finished loading lumber at the Hammond Lumber Company's plant at Tongue Point, and will depart from this port today if all things are propitious at the bar. She goes to Sydney and Australian ports via San Francisco; Captain Mellwin, commanding.

The steamer Sue H. Elmore arrived in from Tillamook points last evening and docked at the O. R. & N. piers. She brought up a big list of passengers and a good load of freight. Among her passengers was C. E. Martin, of the U. S. Life Saving service; and John F. Hemmingway, of Portland.

BRADEN-ADAMS MEAT CO

We have arranged to do our killing at T. S. Cornelius', and we are now in a position to supply Astoria with the choicest of home-killed stock at the following prices:

WRESTLING PLANS FOR ATHLETIC CLUB

DIRECTORS VOTE TO EMPLOY TONY HUSS AS AN INSTRUCTOR

At a meeting of the directors of the Athletic Club last night the question of adding to the popularity of the organization by employing an instructor in wrestling was discussed with much favor. It was voted to make arrangements with Tony Huss, who is looked upon as a wrestler of very fine abilities, to take up this branch of sport in the club. If the plans can be carried out as arranged it is quite likely that wrestling will become one of the strong points of the Athletic club, not alone among the members who take to this kind of athletics, but also by bringing other wrestlers of repute here to contest with those from Astoria—who develop into promising material.

Mr. Huss is employed in the Astoria Iron Works, and it is not contemplated that he shall give up his work there, but shall only in a general way work up an interest in wrestling at nights and other special hours. He is said to have half a dozen medals won on the mat, and at the same time is a very fine athlete in other ways. Among all the strong men of Astoria, from among the men in the mills and on the river, there ought to be material for the finest kind of wrestlers, and the sport is one that all can take delight in.

The directors also passed upon the names of 104 applicants for admission last night.

Another matter taken up was the question of seats in the gymnasium when a basketball, or other game, is being given. It was decided to have constructed seats in the form of circus seats, or bleachers, which can be put in or taken out as required. In this way upwards of 500 can be seated. Arrangements were also definitely made for the First Company. They will be given the basement for their quarters, and this basement will be enclosed. For their drills the hall is to be used, and the floor will be protected by a canvas, which will be removed when a dance is given. The association is in most excellent financial shape. At the meeting last night President G. C. Fulton and the directors, Messrs. Hawthorne, Hoefer, Prael, Eigner and Allen, were all present.

The Spokane Country club is planning the finest golf course in the Northwest. Charles W. Boyer has resigned as president of the South Atlantic League. "Emergency" Kelly and "Blink" McCloskey are back in Boston looking for bouts. Jim Driscoll and Leach Cross will furnish the next fistie entertainment in New York. Sailor Burke and his manager, Billy Madden, have reached the paring of the ways. If he is reinstated by the National Commission Elmer Stricklett will be back on the job with Brooklyn. Manager Hugh Jennings of the Detroit team has not turned over Catcher Stange to George Stallings. The mayor of Terre Haute, it is reported, has agreed to lift the lid and permit a little boxing now and then. Several of the Pittsburg Pirates want increases in salary. And Barney Dreyfuss has just bought a nice new ball park.

NEWS AND NOTES OF SPORT.

The Spokane Country club is planning the finest golf course in the Northwest. Charles W. Boyer has resigned as president of the South Atlantic League. "Emergency" Kelly and "Blink" McCloskey are back in Boston looking for bouts. Jim Driscoll and Leach Cross will furnish the next fistie entertainment in New York. Sailor Burke and his manager, Billy Madden, have reached the paring of the ways. If he is reinstated by the National Commission Elmer Stricklett will be back on the job with Brooklyn. Manager Hugh Jennings of the Detroit team has not turned over Catcher Stange to George Stallings. The mayor of Terre Haute, it is reported, has agreed to lift the lid and permit a little boxing now and then. Several of the Pittsburg Pirates want increases in salary. And Barney Dreyfuss has just bought a nice new ball park.

Under the management of Jim Collins, the old Boston leader, the Minneapolis team should show something in the American association. The scheduled bout between Joe Gans and Young Ernie at Philadelphia has been postponed two weeks in order to give Joseph a little more time to train. The new basketball park at Bay City, Mich., will be named Clarkson Park in honor of John Clarkson, the old Boston pitcher who started his career in Bay City.

The steamer Wellesley was one of the incoming fleet on Sunday, and she takes lumber from one of the up-Columbia ports, for San Francisco.

The steamer Riverside arrived down stream on Sunday with a full cargo of freight for San Francisco, and went to sea at once.

The steamer Alliance arrived down on Sunday morning and went out to sea on her way to Marshfield, on her customary schedule.

The steamer R. D. Inman in from San Francisco on Sunday morning, and went on up the river after more lumber.

The dandy Pulitzer went below yesterday morning en route to her station on the high seas off the Columbia bar.

The work of loading the ships Assiniers and Eugene Schneider at the Hammond mills, is going forward with fine despatch and they will be ready for sea very shortly.

The American barkentine Wrestler arrived in from San Pedro yesterday afternoon and is anchored in the channel awaiting towage to Portland for a lumber cargo.

The Lurline was down on spot time last evening and went away at 7 o'clock well fixed with freight and people. Among those from here were F. Wiegart and D. B. Schonefeld.

ABSURD, SAYS ROBLEY D. EVANS

IS NO CHANCE OF CALIFORNIA AGITATORS CAUSING WAR.

CHICAGO, Feb. 8.—While in Chicago for a brief stop, on his way across the continent Admiral Robley D. Evans dismisses the possibility of war with Japan as a result of the agitation in California as absurd. Admiral Evans is on a tour, which is expected to last several months. He will go from Chicago to Milwaukee and then go through the Western states to California. "There can't be any trouble between the United States and Japan," he said, "because the people of both nations are too intelligent to let the squabble in the California Legislature become an international affair. The fact is this country brought Japan out in 1852 and made her what she is. "Of course, it is a little strange that almost immediately after our fleet left Japan with the friendliest feeling prevailing that anything should happen to disturb that calm, but it cannot amount to anything. "California has a perfect right to pass any laws it desires, with regard to aliens, providing they don't conflict with any of the treaties of the nation, and if they do conflict they are null, that's all. California can pass laws with regard to aliens provided they apply to all aliens alike. "In the South they have separate schools for negroes and whites, but this affair differs in that the race against which there is a prejudice is represented by a sovereign power."

WINTER SPORTS IN STOCKHOLM.

STOCKHOLM, Feb. 6.—Under the patronage of the King of Sweden, the famous quadrennial Northern games began here today and will continue through the coming week. Lovers of winter sports are here in large numbers from all parts of Denmark, Norway and Sweden. The programme of the tournament provides for a wide variety of sporting and athletic contests, including horse races on the ice, skating, ski-running, sleighing hockey shooting, motoring on the ice, fencing swimming, fishing and a variety of so-called military sports.

ANYONE CAN MIX SIMPLE RECIPE

PREPARE AT HOME YOURSELF A FINE PRESCRIPTION TO RELIEVE RHEUMATISM AND KIDNEY TROUBLE.

The following prescription for the cure of rheumatism and kidney and bladder troubles has no doubt been filled millions of times, viz.: Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. These simple, harmless ingredients can be obtained at any good prescription pharmacy at little cost and are mixed by shaking well in a bottle.

The dose for adults is a teaspoonful after each meal and at bedtime, drinking a full tumblerful of water after each dose. It is stated that this prescription is a positive remedy for kidney trouble and lame back, weak bladder and urinary difficulties, especially of the elderly people, and one of the best things to be used in rheumatic affections, relieving the aches and pains and reducing swellings. A well-known authority states that this mixture acts directly upon the eliminative tissues of the kidneys; cleanses these spongelike organs and gives them power to sift and strain the poisonous waste matter and uric acid from the blood which is the cause of rheumatism. If your back or sides ache and you suspect kidney trouble it would be wise to try this for a few days.

HOSPITAL AT BREMERTON.

WASHINGTON, Feb. 8.—Changes in the plans and specifications for the new naval hospital at the Puget Sound Naval Station at Bremerton, Wash., for which \$150,000 has been appropriated have been made after consultation with medical officers and new bids are about to be opened by the navy Department for its construction. The revised specifications omit the exceeded the amount appropriated. Construction of two wings of the edifice and the interior finish of the building. Bids had previously been made for the construction of the hospital but were rejected because they The changes will provide for a hospital containing 150 beds and will permit of an extension of the building when necessity requires.
